

# Certificate of Analysis

Product : Actilife Magnesium 375 mg  
effervescent tablets

Product-No. : 140272

Lot-No. : L4022/2

Manufacturing  
date : 25.01.2024

Best before : 07.2026

## PHYSICAL CHARACTERISTICS

| Parameter                 | Method                        | Specification                                | Result                |
|---------------------------|-------------------------------|----------------------------------------------|-----------------------|
| Colour of tablet          | visual                        | white                                        | corresponds           |
| Diameter                  | measure with<br>caliper gauge | 25 +/- 0,3 mm                                | 25,0 mm               |
| Thickness                 | measure with<br>caliper gauge | max 9,9 mm<br>min 9,3 mm                     | on average<br>9,6 mm  |
| Weight                    | scale                         | target 6500 mg<br>max 6825 mg<br>min 6175 mg | on average<br>6527 mg |
| Time of<br>disintegration | Ph. Eur.                      | max 5 min<br>in 200 ml water                 | on average<br>218 sec |
| Colour of liquid          | visual                        | clear, colorless                             | corresponds           |
| ASSAY                     |                               |                                              |                       |
| Magnesium                 | Titrand                       | 375 mg (80 % - 145 %)                        | 399,2 mg              |
| Remark:                   |                               |                                              |                       |

### Conformity declaration:

The delivery with the before mentioned Lot-No. fully corresponds with the values mentioned in the product specification.

Proper in-process control of production according to the production-rules is confirmed.
