

## Certificate of Analysis

Product : Actilife Vitamin C 500 mg  
effervescent tablets

Product-No. : 144911

Lot-No. : L1290/3

Manufacturing  
date : 21.10.2021

Best before : 04.2024

| PHYSICAL CHARACTERISTICS |                            |                                              |                    |
|--------------------------|----------------------------|----------------------------------------------|--------------------|
| Parameter                | Method                     | Specification                                | Result             |
| Colour of tablet         | visual                     | reddish                                      | reddish            |
| Diameter                 | measure with caliper gauge | 25 +/- 0,3 mm                                | 25,0 mm            |
| Thickness                | measure with caliper gauge | max 5,9 mm<br>min 5,3 mm                     | on average 5,8 mm  |
| Weight                   | scale                      | target 4300 mg<br>max 4515 mg<br>min 4085 mg | on average 4329 mg |
| Time of disintegration   | Ph. Eur.                   | max 5 min<br>in 200 ml water                 | on average 88 sec  |
| Colour of liquid         | visual                     | orange                                       | orange             |
| ASSAY                    |                            |                                              |                    |
| Vitamin C                | internal                   | 500 mg (80- 150%)                            | 550,86 mg ✓        |
| Remark:                  |                            |                                              |                    |

### Conformity declaration:

The delivery with the before mentioned Lot-No. fully corresponds with the values mentioned in the product specification.

Proper in-process control of production according to the production-rules is confirmed.

Date: 22.11.2021
