

## Certificate of Analysis

Product : Actilife Vitamin C 500 mg  
effervescent tablets

Product-No. : 144911

Lot-No. : L2005/3

Manufacturing  
date : 10.01.2022

Best before : 07.2024

### PHYSICAL CHARACTERISTICS

| Parameter                 | Method                        | Specification                                | Result                |
|---------------------------|-------------------------------|----------------------------------------------|-----------------------|
| Colour of tablet          | visual                        | reddish                                      | reddish               |
| Diameter                  | measure with<br>caliper gauge | 25 +/- 0,3 mm                                | 25,0 mm               |
| Thickness                 | measure with<br>caliper gauge | max 5,9 mm<br>min 5,3 mm                     | on average<br>5,9 mm  |
| Weight                    | scale                         | target 4300 mg<br>max 4515 mg<br>min 4085 mg | on average<br>4324 mg |
| Time of<br>disintegration | Ph. Eur.                      | max 5 min<br>in 200 ml water                 | on average<br>83 sec  |
| Colour of liquid          | visual                        | orange                                       | orange                |
| <b>ASSAY</b>              |                               |                                              |                       |
| Vitamin C                 | internal                      | 500 mg (80- 150%)                            | 543,69 mg ✓           |
| Remark:                   |                               |                                              |                       |

#### Conformity declaration:

The delivery with the before mentioned Lot-No. fully corresponds with the values mentioned in the product specification.

Proper in-process control of production according to the production-rules is confirmed.
