

## Certificate of Analysis

Product : Migros Actilife Multivitamin  
effervescent tablets

Product-No. : 107367

Lot-No. : L0099/16

Manufacturing  
date : 21.04.2020

Best before : 04.2022

### PHYSICAL CHARACTERISTICS

| Parameter                 | Method                        | Specification                                | Result                |
|---------------------------|-------------------------------|----------------------------------------------|-----------------------|
| Colour of tablet          | visual                        | reddish                                      | reddish               |
| Diameter                  | measure with<br>caliper gauge | 25 +/- 0,3 mm                                | 25,0 mm               |
| Thickness                 | measure with<br>caliper gauge | max 5,7 mm<br>min 5,2 mm                     | on average<br>5,4 mm  |
| Weight                    | scale                         | target 4000 mg<br>max 4200 mg<br>min 3800 mg | on average<br>4016 mg |
| Time of<br>disintegration | Ph. Eur.                      | max 5 min<br>in 200 ml water                 | on average<br>128 sec |
| Colour of liquid          | visual                        | orange                                       | orange                |
| ASSAY                     |                               |                                              |                       |
| Vitamin C                 | HPLC                          | 160 mg (128 - 240 mg)                        | 179,6 mg              |
| Vitamin E                 | HPLC                          | 12 mg (9,6 - 18 mg)                          | 13,7 mg               |
| Vitamin D3                | HPLC                          | 5 µg (4,0 - 7,5 µg)                          | 5,5 µg                |
| Remark:                   |                               |                                              |                       |

### Conformity declaration:

The delivery with the before mentioned Lot-No. fully corresponds with the values mentioned in the product specification.

Proper in-process control of production according to the production-rules is confirmed.
